## PRESIDENTS OF VIRGINIA COLLEGES

Conference Held at the University of Virginia.

### HAVE UNIFORM EXAMINATIONS

Plan to Form an Entrance Examination Board for All the Colleges of the State.

(Special to The Times-Dispatch.)
CHARLOTTESVILLE, VA., Jan. 20.—The conference of college presidents of Virginin, called by President Alderman to consider whether it would be possible to form a general board for the State of Virginia to give uniform entrance examinations for colleges, held its first session at 3 o'clock this atternoon in the Latin lecture room, in the Academic building. Of the heads of the older colleges of the State invited, the following were present at the meeting: President Lyon C, Tyler, of William and Mary; President R. E. Blackwell, of Randolph-Macon; President F. W. Boatwright, of Richmond College; President Waterhouse, of Emery and Henry; acting President Whiting, of Hampden-Sidney, and President Morehead, of Roanoke College. President George II. Denny, of Washington and Lee University, who had signified his

and Lee University, who had signified his intention of being present, was dethined at Lexington by illness in his family. The meeting was called to order by President Alderman, who, upon motion of President Blackwell, was made the presiding officer. The choice of secretary fell upon Professor William 24. Thornton, dean of the engineering department of the University

ment of the University.

AN ENTRANCE BOARD.

After stating the object of the meeting, Dr. Alderman called upon Professor Thornton to give an account of the pian recently adopted by the University of Virginia for entrance examinations. Professor Thornton indicated the advantages to be realized by the establishment of an entrance examination board for the State. The first and most important of these was a wider development of interest in collegiate education and a strong stimulus applied to the high schools to enlarge their courses of instruction and to raise their standards. It is also believed, said Professor Thornton, that the existence of such a board, giving annual examinations of a high and uniform returns of marks made by the applicants, would powerfully influence the work of the colleges; siso encourage those in which the standards of admission were low to raise, these standards and increase the effectiveness of teaching by excluding pupils, who were imperfectly prepared for collegiate work. Professor Thornton urged that there be no division of interests among State institutions. Let's set to-

collegiate work. Professor Thornton urged that there be no division of interests among State institutions. Let's get together and better work can be done throughout the State.

Virginia, he said, is not turning out enough college boys to go around. There must be more. The number of young men at collegiate age ready for college is deplorably small; the number of young men at collegiate age, but unprepared for college, is disgracefully large.

A PERME NEED.

The prime need in Virginia to-day in an educational way is an increase in educational interests—an effort to make the people of Virginia see that a college education is worth having, and worth paying for. At present there is no systematic scheme in Virginia—no organized than for stimulating the work of the

### NEW TRIAL FOR LINKOUS

The Supreme Court to be Asked to Review His Case.

(Special to The Times-Dispatch.)
RADrORD, VA., Jan. 20.—A movemen
on foot to have the Linkous murde trial reviewed by the Supreme Court of Appeals, Frank Morton, Linkous's coun Appeals. Frank Morton, Linkous's counsel, has announced his intention to the clerk of the Hustings Court, and says money is being raised in East Radford for that purpose. This has been done very quietly, and none of the people connected with the movement are willing their names should be used. The lawyers in town think it will be impossible for Mr. Morton to obtain a writ of error, for the reason that he never objected to a single ruling of the court during the progress of the trial, and there is no now evidence in the case.

There are a few people in town who doubt the prisoner's guilt, however, and they will feel better satisfied if the case is reviewed and affirmed by the highest tribunal in the State.

Belle Isle Water Favored by Members of the Council.

'DOC" BROKE UP FURNITURE

Circle Organized and Eagles to Meet at Early Date.

The proposition to use Belle Isle water for city purposes strikes a tender chord in the hearts of the members of the City when the proposition comes before that pody from the Finance Committee, it will be taken up with authority.

The scheme promises cheaper water and at a cost to the city far below the present cost. With this water the old pump-house may be abandoned as a purveyor of water, but it is probable it may be used as power for the promotion a city electrical plant.

At present the city is getting a certain number of lights free of cost, but this contract is limited and the time will soon come when other arrangements will have to be made and then the city may use the old pump-house as the motive power. Broke the Bed.

Robert Androws, better known as "Doc" (colored), was put in a secure place last night by Policeman Waymack. "Doc" was charged with going to the home of Sarah Jones and breaking her bed. This undignified conduct on the part of "Doc" called forth emphatic protests on the part of Sarah, for she said protests on the part of Saturn to saturn to she had to sleep on the floor. The result was that "Doc" had to sleep on the floor at the police station and Sarah spent the night with a falend.

Circle Organized.

Mistletos Circle, No. 3, was instituted on Thursday night by members of Magnelia Circle, of Richmond. The circle was organized by Myrtle Grove Druids. The list of charter members embraced the following: W. D. Greenwood, G. W. Jackson, P. C. Roberts, H. S. Rawleigh, C. W. Gattis, C. N. Rosendorf, D. Rosendorf, C. H. Triplett, John Onesty, Misses Annie C. Adkins, Helen Adkins, Willie Adkins, Nellie Coles, Alico Coles, Rosa Wingo, Ruby Marx, Dolla Stuart, May Adkins and W. L. Greenwood.

The attendance was large and enthusiastic. Circle Organized.

### Eagles to Organize.

Those who have signed their names to the list designed as charter members of the proposed Aeric of Eagles will meet at Toney's Hall on February 12th to organize. A list of twenty-two names has been secured by Mr. James E. Harding. The young woman, Bessie Cole, formerly Jones, was yesterday arrested on the charge of neriury in reference to the harge of perjury, in reference to the case of Dobbins, Cole and Marshall. The young woman is alleged to have sworn falsely before the grand jury in making her original charge against the young men. The case will come before Mayor Maurice on the 30th and before Judge Clopton the 27th.

Personals and Briefs.

Mayor Maurice placed Junius Cophus under bonds for twelve months as a suspicious character. He was arrested by Policeman Watts.
